## GOLF WEEK WITH CLINICS

Based at the Be Live Collection Son Antem Hotel, Majorca, Spain

**17th - 24th June 2017**

**It has been some considerable time since we were last in Majorca, and it is good to be going back. The nature of this week is a GolfWeek with Clinics. We will play two rounds each on the renowned Son Antem East and Son Antem West courses, as well as one round at Majoris Golf Club.**

There will be four Golf Clinics during the week, which are not compulsory by any means, and which can also be very much adapted to your own personal requirements. We will be staying on-site at the excellent Be Live Collection Son Antem Hotel & Golf Resort.

This week has the aim of providing a super week of golf, with the added benefit of the Golf Clinics, and importantly in a relaxed setting.

To book places on the GolfWeek with Clinics, please email, call or send the online booking form and we will respond by return to confirm your booking.

# THE GOLF COURSES...

## **Son Atem Golf Club - East**

The Son Atem East course is laid out on former hunting grounds. The course was designed to be fair to the Club golfer, with wide and long fairways allowing accurate drives. However, it is also a challenge for the low handicappers, as some of the holes are quite long and difficult. Strong winds can sometimes call for accurate shots onto the bunker protected greens. Five lakes complement the course and promise much variety to our round.

## **Son Atem Golf Club - West**

The Son Atem Championship West course is one of the finest and most challenging golf courses on the island. Located in pristine Mallorca countryside, it offers a pure and spectacular view of the Randa mountain. The course has large tee boxes and three lakes that come into play on five holes. The 5th hole is one of the most interesting, a Par 4 with a dogleg to the left which calls for an accurate second shot over an undulating approach onto a raised green surrounded by pot bunkers.

## **Golf Maioris**

The course at Golf Maioris was the vision of Romeo Sala, who also owns Pula Golf in the north-east of Mallorca, and the German architect Dieter Cabus. The 7,000 yard, par 72 championship course has been built to cope with the demands of a hot Spanish summer and remains in excellent condition all year around. The layout has been carved between pine, olive and carob trees in a classic Mallorcan landscape. We will enjoy the challenge of a course that features four lakes and two island greens.
