EL ROMPIDO

Golf & Coaching Week

The objective of the David Short Golf 'Golf & Coaching Weeks' is to provide long-term improvement to your golf game, whilst providing you with the opportunity to play some fascinating golf courses. You will learn the keys that will ensure continuing improvement to all parts of your game, as well as learn how to take your game to the course and how to develop your course management skills in order to play your best golf. Please note that the 'Golf & Coaching Weeks' are not suitable for novices.

For many years, we have taken the 'Golf & Coaching Weeks' to different locations across Europe, Africa and the South-Eastern reaches of Asia; for the last three years, we have held the January week in the Marbella area. For this year, we are moving towards the Spanish and Portuguese border and staying at the El Rompido Golf Resort, which is a fine hotel, with two super golf courses on-site, as well as very good practice facilities. With airport and golf transfers, and dinner each evening included, the week also provides good value for money.

With regards to flights, please either fly in and out of either Faro or Seville Airports, and the transfers will be provided accordingly.

If you wish to book a place on the 'El Rompido Golf & Coaching Week,' please contact us and we will send you the confirmation details accordingly.

David Short

THE PRECISE RESORT EL ROMPIDO, CARTAYA

Set in a picturesque fishing village in the Costa de la Luz, the Precise Resort El Rompido is a haven of peace and tranquillity, located just an hour away from both Faro and Seville airports. The resort has a wonderful coastal setting and is surrounded by the two golf courses on-site and by the Marismas del Río Piedras, a protected landscape of great beauty.

The resort provides a contemporary design and neutral tones that gives a modern feel. The design of the hotel also provides a wonderful sense of space, with breath taking views from the balconies and terraces.

To ensure that we enjoy the resort to the full, we have booked the hotel's upgraded 'superior' rooms, thus ensuring high quality accommodation, to compliment all other aspects of the resort.

EL ROMPIDO GOLF COURSES

The El Rompido resort boasts two super golf courses, both designed by Alvaro Arana, and which are surrounded by pine and orange groves. The courses cross the wetlands and open out onto the Atlantic Ocean with some spectacular views. The force of nature is evident throughout both courses.

The North course is a real challenge for fans of modern golf. Intelligently laid out, it is a truly enjoyable course that interacts with nature. It is located right in the heart of the Marismas del Río Piedras Nature Reserve. This course requires both length and accuracy. However, even though a great amount of forethought is required, the course is not above any player's level. In fact, the greens are sized to ensure that both the most adept player and even the less experienced golfer will fully enjoy their round.

The South course borders the Clubhouse and is perfectly integrated into the environment to facilitate the walk round. The front and back nines differ with regards to the technical level required and also with respect to the landscape. The greens on the course stand out, with some being considered among the fastest in Andalusia. Due to the mixture of tropical and winter grass, players find the fairways lend a great sense of comfort to their game.

ITINERARY

Saturday 13th January:
